This Privacy Policy discloses what information and/or data we gather, how we use it, and how to correct or change it.

1. (1) INFORMATION WE GATHER AND TRACK

1. (1.1) We gather two types of information about Members: data that Members provide through optional, voluntary registration and data gathered through tracking information derived mainly by tallying page views and journey plan posts throughout the Liftshare Network. Such information enables us to improve the tailoring of our features and content to Members' needs and to help our clients better understand the demographics of our Members.

2. (1.2) We currently gather Member information in the following processes:

1. (1.2.1) Optional Registration
   the Website offers free, voluntary registration to Members. By registering, Members can enter journey plans, post new journey plans and reply to existing journey plans; they can take advantage of personalization (the ability to filter matches according to a user-supplied criteria); and they have the ability to edit existing journey plans.

2. (1.2.2) During registration you are required to supply information including your name, age, gender, an email address and telephone number. You may also be asked optional questions.

3. (1.2.3) Surveys
   Occasionally, we conduct Member surveys to understand better the needs of our audience in order to improve our features. We sometimes share the aggregated demographic information in these surveys with our clients or partners. We never share any information about a specific Member gathered in a survey with any third party without that Member's express consent.

4. (1.2.4) Usage Tracking
   The Website tracks Member traffic patterns throughout its network. This information may be
used to help personalize the Website or target advertising. We also break down overall usage statistics according to a Member's domain name, browser type, and MIME type by reading this information from the browser string (information contained in every Member's browser).

5. **(1.2.5) Cookies**
A cookie is a small data file that certain websites write to your hard drive when you visit them. A cookie file can contain information such as a user ID that the Website uses to track the pages you've visited. But the only personal information a cookie can contain is information you supply yourself. A cookie cannot read data off your hard disk or read cookie files created by other sites. The Website uses cookies to allow automatic sign ins and to track user traffic patterns (as described above). [Click here for more information about the cookies used by this site.]

6. **(1.2.6) When you register, the Website uses a cookie to store a unique, random user ID.**
7. **(1.2.7) You can refuse cookies by turning them off in your browser. However you need to have your cookies turned on to use the Website.**

2. **(2) USE OF THE INFORMATION**

1. **(2.1) We use information given by our Members to show their journeys to individuals searching for potential matches and to enhance their experience, whether to provide interactive or personalised elements on the network, or to better prepare future features based on the interests of our Members.**

2. **(2.2) We use your email information to provide more journey matching features. At a Member's request we will send out emails notifying the Member of replies to specific journey postings. We also provide the option for the Member to allow other Members to respond to postings directly via their email. We may also send you email notifications of specific changes to the Website and/or Facilities. We never share individual email addresses, telephone numbers or postcodes with any third parties, including advertisers or partners, without prior consent from the relevant Members.

3. **(2.3) If during registration you opt to be contacted by telephone then your telephone number will be viewable by other Members.**

4. **(2.4) We create aggregate reports on Member demographics and traffic patterns for our clients and partners. This allows our clients and partners to advertise more effectively, and allows our Members to receive information that is pertinent to their needs.**

3. **(3) SHARING OF THE INFORMATION**

1. **(3.1) We use the above-described information to tailor our content to suit your needs and to help our clients and partners better understand our Members' demographics. This is essential to keeping the Website and Facilities free. We do not share individually identifiable information about specific Members with any third party without prior consent from that Member. We do not, however, control the practices of our clients or partners. If you have questions about how one of our clients, our partners and/or your administrator, uses information about you please contact them directly (we will divulge information only as necessary to comply with English law).**

2. **(3.2) To help Members increase their chance of connecting with others travelling their way we may share summary journey information for journeys that Members have chosen to register onto the public Liftshare network with other websites via an API and in our quick search tools.
